Why Choose Timberline

AUSSIE BORN • USA MADE

100% MADE IN USA CABINETS

Every single cabinet in this brochure is 100% made in the USA with sustainably sourced, engineered wood. That means you know you are getting a reliable product from a reliable source.

CUSTOM DESIGN • CUSTOM DESIGN

CUSTOM MADE DESIGNS

We know you want something a little unique just for you. We can adapt most of our cabinets to suit exactly what you need to bring some magic to your new bathroom.

MIX & MATCH • MIX & MATCH

MIX AND MATCH

You can mix and match your selections from our huge range of cabinet colors and handles. Personalize your vanity to create just the look you are after!

Add Value

What makes the Furniture Collection different?

THE FURNITURE COLLECTION

The Furniture Collection is full of little details that make your cabinet a delight to use. From color matched interiors, to solid wood dovetail drawer boxes, the Furniture Collection is classy, quality, and beautiful, inside and out. Inspired by the New England region in Australia, where Timberline was founded, this collection showcases the unique beauty and distinct quality inspired by the charm of Timberline's hometown, Armidale.

MAPLE DOVETAIL DRAWERS

The Furniture Collection features solid maple dovetailed drawers. These drawers are all soft close, and feature dovetailed plumbing cutouts, and a smooth, sturdy finish. If you are looking for a more unique vanity, you can upgrade to walnut dovetail drawers for a dark, rich look. See page 68 for more details

COLOR MATCHED INTERIOR

The inside should look just as pretty as the outside. In the Furniture Collection, all interiors are color matched to the outside for a premium look and feel. This means your stunning Olive Satin vanity is just as gorgeous when you open the doors, or if you opted for a rich walnut look, you get the same luxurious feel on the inside!

PREMIUM, SOLID WOOD

We love the look of premium wood. It instantly makes a vanity look more rich and exclusive.

We use a mix of solid wood and plywood to ensure the furniture pieces in this collection are sturdy and of the best quality.

Many of the ranges in this collection are available in Rift White Oak or Walnut. Vanities in these woods use a mix of A-grade veneer and hardwoods for a seamless luxury look.

STANDARD SIZING

All vanities in this collection come in 2 depth options, 18" or 21". All of these cabinets are designed to fit a standard 19" or 22" top with equal 1/2" overhangs all around (a 21" deep 36" cabinet will fit a 22" by 37" countertop). This makes it easier to mix and match tops and gives you more flexibility. If you have a custom size, please reach out to our customer care team and we will get you a quote.

Pricelist Guide

Here is a quick guide on how to use this pricelist. Still have questions?
Give our helpful staff a call at +1 888 844 0102.

Colors
Each SKU has all available colors listed, including the SKU and price for each. Contact our customer care team for custom color requests.

Additional Cost Options
Options such as cabinet customizing, filler panels and lighting are shown on pages 66-69.

Vanity Tops
Prices shown are vanity cabinet only. If you would like a vanity top as well, view pages 74-77 for options and pricing.

Prices
All prices are Manufacturer's Suggested Retail Price (MSRP). Check with your preferred store for exact pricing in your area.

Hardware
In this collection, hardware is included in your vanity price, however you will need to include your hardware choice as a SKU on your order. View pages 81-83 for hardware options

Legs
If your vanity is mounted on decorative metal legs, the legs are included in your vanity price, however you will need to include your leg choice as a SKU on your order. View page 84 for leg options

Freight/Shipping Costs
Shipping costs are per item/SKU and based on your location. Orders with 3 or more items may ship free. Please consult with your showroom or store for specific shipping costs.

How our SKUs work
To order a vanity, top and hardware, you will need the SKU for each. Hardware is not an additional cost (included in the vanity cost), Countertops are an additional cost.

NOTE: All prices are Manufacturer's Suggested Retail Price (MSRP). Prices may vary depending on location and are subject to change or correction without notification. All information is provided on a E&OE (errors and omissions excepted) basis. There is a lot of very useful information in this brochure and there is more than likely an error, big or small, somewhere. Images in this brochure are shown with accessories and other furniture not included in the price or supplied by Timberline.

Installation

INSTALLATION INSTRUCTIONS (CABINETS)

All installation works should be carried out by an experienced and qualified contractor or tradesman.

- All wall hung, floor standing and on legs vanities/linen closets must be mounted to the wall.
- Please check thoroughly prior to installation. See installation instructions.
- During the framing and rough in stages of construction ensure that there are sufficient fixings for the mounting of the vanity cabinet. There should be at least two vertical studs for fixing provided not more than 4" from each edge of the cabinet.
- Ensure that the wall is straight and plumb and free from any bow or twist otherwise the drawers and doors will be out of alignment.
- The solid back of the cabinet must not be damaged, removed, cut or drilled more than is necessary for the access of the plumbing pipes.
- During installation the cabinet should be fixed with screws through the solid back of the cabinet. The screws should be suited to the stud material and have a pan or counter sunk head. Provide a horizontal row of screws within 4" vertically from the top of the cabinet at a maximum of 12" horizontal spacing. The screws closest to the left and right edge of the cabinet should be within 4" of each side.
- Prior to fixing the top to the cabinet with silicone ensure that the cabinet is level and plumb in all directions. If not remove the cabinet and pack or straighten the wall accordingly.
- After installation use the adjusting screws of the hinges and drawer runners to align the doors and drawers.

Detailed instructions are included with the vanity. Timberline Bathroom Products makes every effort to supply our clients with outstanding quality products, we can in no way be held responsible for any damages arising from failure due to the method in which the vanity was installed or commissioned.

Refer to **www.timberlinebp.com/resources/downloads/** for more detailed installation guides and warranty information.

CARE INSTRUCTIONS

For all surfaces use only a soft cloth and a weak solution of a non-abrasive cleaner. Do not use any abrasive, acid or alkaline based cleaners. A moist microfiber cloth will give the best results. Avoid sharp objects and keep heat and hot objects away from tops. Cabinets should be installed at least 12" away from showers or bathtubs to avoid water damage. Care must be taken to immediately dry any condensation, spillage or water leakage that may gain access to the cabinet, as water damage is not covered under warranty.

To keep your bathroom furniture looking sparkling bright ask about our Timberline 3 Dimension Cleaners. They don't only clean, they leave a silky smooth polished finish.

Warranty

Timberline Bathroom Products ensure that our products are manufactured using only high quality materials and workmanship. Should you find fault with either materials or workmanship within the warranty period noted below, Timberline Bathroom Products will, at its discretion, repair or supply a replacement for the faulty product or component.

WARRANTY PERIODS:

Vanities	**10 years**	Sinks	**5 years**
Linen Closets	**10 years**	Cambria Countertops	**Full Lifetime**
Mirrored Cabinets (excluding mirror)	**10 years**	Under Cabinet Lighting	**1 year**
Mirrors	**1 year**	SilkSurface Tops	**5 years**
Commercial Use: ALL PRODUCTS	**1 year**		

The Timberline Bathroom Products warranty will only apply where the product has been installed by qualified contractor and in full accordance with our installation instructions. This warranty does not cover damage by improper installation, accident, misuse, abuse, negligence, excessive wear and tear, improper care and lack of maintenance, heat damage, use of harsh abrasive cleaners, water and natural causes such as sunlight, humidity and other environmental conditions.

Adjustment of doors and drawers is undertaken during manufacture and readjustment will be necessary after installation – this does not form part of the warranty. Should a representative from Timberline be required to realign doors/drawers, a minimum call out fee of $330.00 will be charged.

It should be noted that all cabinets are manufactured from water resistant materials. This does not mean that they are waterproof. Care must be taken to immediately dry any condensation, spillage or water leakage that may gain access to the cabinet as water damage is not a justifiable claim. Installation, cleaning and maintenance instructions must be followed to ensure validity of warranty.

Timberline Bathroom Products' liability is limited to repair, replacing, or giving a credit for the faulty goods and it does not include installation expenses and/or damages or removal of any unit. The purchaser must provide proof of purchase when making a claim. The warranty will be void if a damaged or incorrect unit has been installed.

Our goods come with guarantees that cannot be excluded under the American Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

To make a claim please contact Timberline by phone on 888 844 0102 or sales.usa@timberlinebp.com

Please note that installation of any product is regarded as acceptance of that product and therefore no claims for faulty or damaged goods can be made after installation. Any claim for faulty or damaged goods must be made within 48 hours from receipt of product.

Register your warranty online at **www.timberlinebp.com** then click ***Make a Warranty Claim***. We'll keep a record of your purchase to save you the hassle. That way you know we will always have your warranty information saved - just in case something goes wrong.

Packaging That Gets to You

There is nothing worse than the excitement of opening your new vanity only to find it has been damaged on the way. Not with our SUPER CRATES!

Every product we ship comes in its own ultra strong SUPER CRATE. And yes - they are strong enough to support a pickup!

Every vanity, linen closet and mirrored cabinet comes in its own SUPER CRATE! That's our way of making sure it gets to you!

THE ULTIMATE STRENGTH TEST

Having a great looking vanity is one thing. Having a vanity strong enough for your whole family is another!

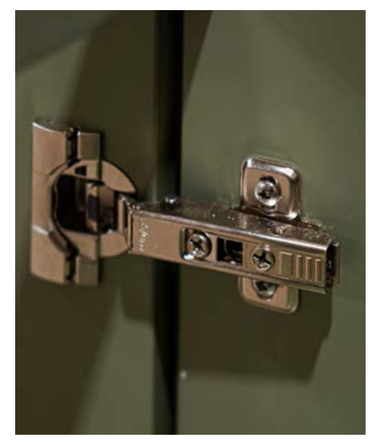
We tested the strength of a 60" wall hung vanity installed using the bare minimum number of fixings to meet our installation instructions. Then we loaded it with 37 bags of cement totaling 1,600lbs. With our solid rear panel which is tongue and grooved into the cabinet the vanity supported this full weight. With Timberline, you can be assured you aren't just getting a pretty face! Our vanities are tough!

1,600 lbs! On a wall hung vanity!

What Makes Our Furniture Special?

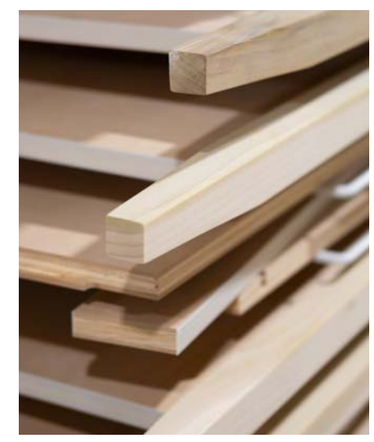
Doweled Tongue And Groove Jointing

All our solid backs and bases are assembled with a tongue and groove joint with multiple doweled fix points. This creates exceptional strength and durability, particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top. The dowels ensure a clean, hardware free look.



Soft-Close Hinges

Only the best Blum European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft-close mechanisms.



Solid Wood and Plywood Board

All our cabinet boxes are manufactured with a 18mm / 3/4" plywood core HPL white faced board. This makes for a light, yet highly durable cabinet, that wont swell or bubble with water damage.

Bracket Free Solid Vanity Back

At Timberline we always use a full 3/4" / 18mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 1/8" paper lined MDF back.
