

100% Australian Made Cabinets

# Timberline

## Stock Collection - Quick Ship

# We're locally grown, family owned and dedicated to putting quality first.

## TIMBERLINE – A BATH FURNITURE MANUFACTURER

Since 2007, Timberline has designed and crafted made-to-order vanities to bring modern bathrooms to life. A bathroom is a sanctuary – a place for you to unwind, wash off the day and relax. So, it needs to be a space that is personal and special.

Originally based in regional New South Wales, Australia, the firm's expanding Armidale factory is home to state-of-the-art technology and highly skilled craftsmen – a jewel in the local business community.

Timberline has expanded into the American market by opening a manufacturing facility in Redwood Falls, a small town in southern Minnesota. We are a family-owned and family-run business that is passionate about hand crafting American-made bathroom vanities, mirrored cabinets and linen closets in a fast, easy-to-deal-with manner.

Talk to our sales team today to discover how the Timberline difference will help you come home to a space that feels truly personal.

### 100% AUSTRALIAN MADE CABINETS

The cabinets in this brochure are 100% Australian made. That means you know you are getting a reliable product from a reliable source.

# Packaging That Gets to You

There is nothing worse than the excitement of opening your new vanity only to find it has been damaged on the way. Not with our SUPER CRATES!

Every product we ship comes in its own ultra strong SUPER CRATE. And yes - they are strong enough to support a pickup!

**Every vanity, linen closet and mirrored cabinet comes in its own SUPER CRATE! That's our way of making sure it gets to you!**

## THE ULTIMATE STRENGTH TEST

Having a great looking vanity is one thing. Having a vanity strong enough for your whole family is another!

We tested the strength of a 60" wall hung vanity installed using the bare minimum number of fixings to meet our installation instructions. Then we loaded it with 37 bags of cement totaling 1,600lbs. With our solid rear panel which is tongue and grooved into the cabinet the vanity supported this full weight. With Timberline, you can be assured you aren't just getting a pretty face! Our vanities are tough!

**1,600 lbs! On a wall hung vanity!**

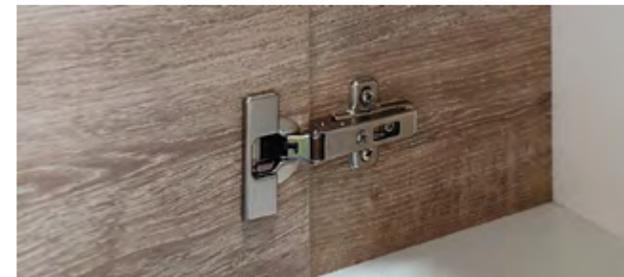

# What Makes Our Furniture Special?

## Tongue And Groove Jointing

All the solid backs and bases are assembled with a tongue and groove joint with multiple cam fix points. This creates exceptional strength and durability, particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top.

## Soft-Close Hinges

Only the best European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft-close mechanisms.

## Moisture Resistant Board

All our cabinets are manufactured with Moisture Resistant (MR) Board. This gives you the best protection against swelling and other moisture damage. All our board is sourced from responsible, certified suppliers, and is either "E0" or "E1" low formaldehyde eco-friendly product.

## Solid Vanity Back

At Timberline we always use a full 16mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 3mm paper lined MDF back.

## Construction Brackets

Specially designed internal brackets make a neat and strong finish.

## Durable Edging

The edging on our woodgrain cabinets is a strong ABS with matching grain. This means you will get years of durable service from your new woodgrain cabinet.

ADDITIONAL COMMENTS

Check the pricelist pages to confirm available options. Please check your selection carefully as Timberline cannot be held responsible for incorrect choices.

Note: The interior finish for the Byron 60" is Graphite, while the interior for the other Bryron sizes is White. Check the pricelist pages to confirm available options. Please check your selection carefully as Timberline cannot be held responsible for incorrect choices.

# Installation & Warranty

## INSTALLATION INSTRUCTIONS (CABINETS)

All installation works should be carried out by an experienced and qualified contractor or tradesman.

- All wall hung, floor standing and on legs vanities/linen closets must be mounted to the wall.
- Please check thoroughly prior to installation. See installation instructions.
- During the framing and rough in stages of construction ensure that there are sufficient fixings for the mounting of the vanity cabinet. There should be at least two vertical studs for fixing provided not more than 4" from each edge of the cabinet.
- Ensure that the wall is straight and plumb and free from any bow or twist otherwise the drawers and doors will be out of alignment.
- The solid back of the cabinet must not be damaged, removed, cut or drilled more than is necessary for the access of the plumbing pipes.
- During installation the cabinet should be fixed with screws through the solid back of the cabinet. The screws should be suited to the stud material and have a pan or counter sunk head. Provide a horizontal row of screws within 4" vertically from the top of the cabinet at a maximum of 12" horizontal spacing. The screws closest to the left and right edge of the cabinet should be within 4" of each side.
- Prior to fixing the top to the cabinet with silicone ensure that the cabinet is level and plumb in all directions. If not remove the cabinet and pack or straighten the wall accordingly.
- After installation use the adjusting screws of the hinges and drawer runners to align the doors and drawers.

Detailed instructions are included with the vanity. Timberline Bathroom Products makes every effort to supply our clients with outstanding quality products, we can in no way be held responsible for any damages arising from failure due to the method in which the vanity was installed or commissioned.

## WARRANTY

Timberline Bathroom Products ensure that our products are manufactured using only high quality materials and workmanship. Should you find fault with either materials or workmanship within the warranty period noted below, Timberline Bathroom Products will, at its discretion, repair or supply a replacement for the faulty product or component.

The Timberline Bathroom Products warranty will only apply where the product has been installed by qualified tradesmen and in full accordance with our installation instructions. This warranty does not cover damage by improper installation, accident, misuse, abuse, negligence, excessive wear and tear, improper care and lack of maintenance, heat damage, use of harsh abrasive cleaners, water and natural causes such as sunlight, humidity and other environmental conditions.

It should be noted that all cabinets are manufactured from water resistant materials. This does not mean that they are waterproof.

Care must be taken to immediately dry any condensation, spillage or water leakage that may gain access to the cabinet as water damage is not a justifiable claim.

Timberline Bathroom Products' liability is limited to repair, replacing, or giving a credit for the faulty goods and it does not include installation expenses and/or damages or removal of any unit. The warranty will be void if a damaged or incorrect unit has been installed.

### WARRANTY PERIODS:

Vanity Cabinets	10 years
Mirrored Cabinets (excluding mirror)	10 years
Mirrors	1 year
Duroclass/SilkSurface Top	10 years
Sinks	5 years

**Please note that installation of any product is regarded as acceptance of that product and therefore no claims for faulty or damaged goods can be made after installation. Any claim for faulty or damaged goods must be made within 48 hours from receipt of product.**
